## What is Dogeverse (DOGEVERSE)?

Dogeverse (\$DOGEVERSE) is a novel token inspired by the adventures of the chain-hopping Doge, 'Cosmo', who is capable of jumping across blockchains. It's the first Doge token to function across numerous blockchains, making it a significant meme coin to watch. Moreover, it's a multi-chain token that operates on Ethereum, Polygon, BNB Chain, Solana, Base, and Avalanche. With a goal of uniting different crypto communities through the power of Doge memes and building a single crypto universe, Dogeverse (DOGEVERSE) combines the most recent bridge technology and allows its token holders to access several chains simultaneously.

## DOGEVERSE Multichain Ecosystem

The Dogeverse ecosystem is crafted with the sole purpose of breaking down the barriers between isolated crypto communities. By leveraging Wormhole and Portal Bridge technology, \$DOGEVERSE token holders can easily navigate through different chains, enjoying a seamless and safe experience. This multichain functionality not only amplifies the reach of Doge culture but also enhances liquidity and utility across the board.

By setting a new standard for crypto ICO tokens, Dogeverse allows the community to buy and claim the \$DOGEVERSE token across six major blockchains, strategically amplifying Cosmo's vision of a unified cryptoverse. From decentralized exchanges (DEXs) to centralized ones (CEXs), Cosmo's name will shine brightly, bringing together meme enthusiasts and blockchain adventurers from diverse backgrounds.

## Dogeverse Key Features and Advantages

**Multi-chain Compatibility:** Dogeverse is the first truly multi-chain Doge token, enabling investors to easily move their tokens between various popular blockchains like Ethereum, BNB Chain, Polygon, Solana, Avalanche, and Base. This flexibility and interoperability set Dogeverse apart from other meme tokens.

**Strong Community:** Dogeverse leverages the power of Doge memes to unite different crypto communities. If you enjoy Doge memes and believe in the potential of a single crypto universe, Dogeverse could be an exciting project to support.

**High Staking Rewards:** Dogeverse has allocated 10% of its token supply for staking rewards. By holding and staking your \$DOGEVERSE tokens, investors can earn extra tokens as passive income for showing their support for the project.

## DOGEVERSE Tokenomics

\$DOGEVERSE's total supply is capped at 200 billion tokens, with allocations designed to support ecosystem growth, reward the community, and ensure sustainability. Its token distribution detail sets as below:

- Presale Allocation (15%): 30 billion tokens for early supporters
- Staking Rewards (10%): 20 billion tokens to incentivize holding and contribute to stability
- Project Funds (25%): 50 billion tokens for ongoing development and scalability
- Liquidity Pool (10%): 20 billion tokens for exchange liquidity provisions
- Marketing (25%): 50 billion tokens for global outreach and community building
- Ecosystem Funds (10%): 20 billion tokens for new partnerships and features
- Exchanges (5%): 10 billion tokens for future exchange listings

# TOKENOMICS

## DOGEVERSE HAS A TOTAL SUPPLY OF 200,000,000,000 TOKENS

The \$DOGEVERSE token is minted on Ethereum and is unique in that it can also be claimed, stored and traded on Solana, BNB Chain, Base, Polygon, or Avalanche using Wormhole and Portal Bridge tech.

Fund	% Allocation	Token
Presale Allocation	15%	30,000,000,000
Staking	10%	20,000,000,000
Project Funds	25%	50,000,000,000

## What Factors Influence the Price of Dogeverse?

As a kind of meme coin, the price of Dogeverse is quite volatile. To make accurate price prediction on \$DOGEVERSE and analyze whether it is a good investment in 2024, understanding what affects the Dogeverse price is crucial. Here are some key points to consider:

- **Market sentiment:** Market sentiment plays a key role in deciding the upside potential of a meme coin. If people are excited about meme coins and projects that work on many blockchains, the price of \$DOGEVERSE can increase in the coming weeks and months.
- **Adoption and usage:** As there are growing adoption for \$DOGEVERSE, and more investors use it on different blockchains, the price of \$DOGEVERSE is expected to increase because more people want it.
- **Partnerships and collaborations:** If Dogeverse works with other projects, exchanges, or famous people, it can make more people notice and trust the token, which could increase the price.
- **Technological advancements:** If Dogeverse makes it easy to use the token on different blockchains, improves its platform, and adds new features, the token will be more valuable in the coming years.
- **Rules and regulations:** Changes in the rules about cryptos and meme coins can either help or hurt Dogeverse's growth, which can affect the price of its token.
