FreeDum Fighters is a new project that represents the “ultimate showdown” between two mechanized political figureheads - MAGATRON and Kamacop 9000. Specifically, FreeDum Fighters is a new community-focused PolitiFi protocol that gamifies the contest between Republican Presidential candidate Donald Trump and Democrat candidate Kamala Harris.

FreeDum Fighters creates a robust narrative featuring two main characters, Donald Trump and Kamala Harris. Trump-inspired “MAGATRON” is a super genius and freedom-loving anarchist who understands the need to fight against the government to free the people. And on the other side, there is Kamacop, a feminist cop and hunter of injustice, whose overtly liberal style has sparked much controversy.

Characterized by Trump-inspired “MAGATRON” and Kamala-inspired “Kamacop,” FreeDum Fighters aims to become an engaging and active ecosystem with staking rewards, debates, and games that let players play both sides and make gains.

FreeDum Fighters (\$DUM) Presale

Currently, FreeDum Fighters is under its presale stage. According to its tokenomics, 40% of the total supply is scheduled to allocate to presale buyers.

Unlike the single-stage presale approach that most meme coin projects have adopted, FreeDum Fighters has gone multi-staged, with each stage highlighting its own goals.

Currently being under its first stage of the presale, which is referred to as the primaries, \$DUM is sold at a discounted price of \$0.00005 per token. This phase represents the lowest possible cost at which the FreeDum Fighters token can be purchased, making this the primary goal of this stage.

When it enters to the second stage of its presale (The Caucus), Twenty-five percent of the presale tokens will be allocated to this stage. At this point, \$DUM token price will cost \$0.000075, slightly higher than its price in stage one.

Following The Caucus presale stage is The Convention, the third stage of the presale. With 30% of the presale tokens distributed to this stage, \$DUM token price will increase to \$0.0001, representing a 100% increase for the earliest presale participants.

The final presale stage is called The General Election, where the winner of the virtual presidential election will be decided. It also represents the last opportunity to participate in the presale, with the token's price set at \$0.000125.

Is FreeDum Fighters (\$DUM) a Good Investment in 2024?

As the US Presidential election nears, PolitiFi meme coins are increasingly gaining prominence. Despite having only just launched, crypto experts have already thrown their weight behind DUM, heralding it as a coin with immense potential and forecasting substantial gains in its future.

Moreover, FreeDum Fighters, although developed on the Ethereum blockchain, boasts compatibility with BSC, BASE, and SOL. This cross-chain capability enables FreeDum Fighters to tap into multiple meme coin narratives. The FreeDum Fighters (\$DUM) project is widely expected to follow the success of prior PolitiFi tokens like TREMP, MAGA, and BODEN.

Simply put, as is a new PolitiFi token in the market, FreeDum Fighters follows current political trends. As a meme coin, FreeDum Fighters holds considerable potential value, making it an enticing investment prospect. However, investors should exercise caution and conduct thorough research before making any investment decisions, given the inherent volatility of the crypto market.

How to Buy the \$DUM Token?

\$DUM can currently only be purchased and staked directly on its Official Website. If you want to buy \$DUM during the presale stage, just follow the step-by-step guidance sets as below:

Step 1 - Go to the Official Website

The first step is to visit the official website, freedumfighters.com.

Step 2 - Connect the Wallet

Click on the "Connect Wallet" button once you open the website and check out the presale widget. There are multiple options to choose from since DUM is an ERC-20 token. However, we recommend Best Wallet and MetaMask.

Step 3 - Buy DUM

After connecting your wallet, enter the amount of ETH you wish to swap for DUM tokens. You can also select a candidate directly from the widget. This approach makes investing in this presale more interactive.

Step 4 - Select a Candidate and Stake DUM

To maximize your early investor profits beyond the initial listing surge and the excitement of meme coin mania, consider opting for the staking option. This enables you to stake the tokens you acquired during the presale, thereby benefiting from passive income.

The uniqueness of staking on this platform lies in its provision of two staking pools. Post-presale, you may need to wait a while before unstaking your tokens. This strategy helps alleviate selling pressure, mitigating concerns about the token's value plummeting upon reaching major cryptocurrency exchanges.

If you have not staked your tokens, you can claim them directly by connecting the same wallet you used to purchase them.
