What is Nollars Network?

A screenshot of the Nollars Network website. The main heading is 'Empowering Decentralized Finance'. Below it, there is a paragraph about DeFi and Nollars Network. At the bottom, there are navigation links: 'Presale using the Tally protocol', 'Mission', 'Tokenomics', 'Roadmap', 'Whitepaper', and a PDF icon.

Empowering
Decentralized
Finance

DeFi is advancing to the next phase, and Nollars Network is at the forefront of this movement. \$NOLA will be launched on the Ethereum platform, and a secure cross-chain bridge to the Nollars Network Layer 2 solution will also be deployed to enable fast and cost-effective transactions.

The project founders will step back, allowing the Nollars DAO to manage the treasury using Tally Governance. A grant program will be set up to support decentralized development on the Nollars Network and to create partnerships based on community agreement. The Nollars treasury will be multi-signature, and the DAO will select

Nollars Network is a Layer 2 blockchain designed for quick, low-fee cryptocurrency trading and meme coin investments. The Nollars Network aims to build a comprehensive blockchain ecosystem featuring a layer-2 blockchain solution and Noladex, a decentralized crypto exchange (dApp).

Governed by the community through NollarsDAO, Nollars combines Ethereum's security with Layer 2 scalability. Notably, the NollarsDAO will handle and manage all of the Treasury Management for the project, and take full responsibility in maintaining a long-term healthy and sustainable ecosystem. Through NollarsDAO, Nollars Network's community manages the network using decentralized governance—there are no founders, only the collective.

NOLA Tokenomics

The total token supply of NOLA token is capped at 15,000,000 NOLA tokens, suggesting that the development team anticipates a limited demand for its layer-2 ecosystem initially and associated exchange platform. This limited supply helps stabilize price and presents a unique opportunity for potential investors, as even modest buying activity could lead to substantial price increases over time.

Detail information about the initial token allocation of NOLA sets as below:

- 8,000,000 (53.33%): Presale
- 4,000,000 (26.67%): NollarsDAO
- 1,560,000 (10.40%): CEX Listings
- 1,440,000 (9.60%): Liquidity

Nollars Network (\$NOLA) Presale

Nollars Network launched presale for its native token, NOLA. According to its tokenomics, 53.33% of its total supply are allocated for presale buyers.

Nollars Network's presale unfolds in 10 rounds, with each round offering tokens at an increasing price.

Currently under its first presale stage, the NOLA token is available for an entry price of \$0.50 during the first round of the presale. However, this price is set to increase once 400,000 tokens are all sold out, representing the completion of this initial fundraising effort aimed at advancing the layer-2 blockchain and broader project objectives.

At the time of writing, Nollars Network has raised a total of \$41,199 in its current presale stage, indicating a strong appeal and huge demand among investors.

Once the presale wraps up, the NOLA token is set to list at a price of \$0.83, driving even more demand.

Is Nollars Network (\$NOLA) a Good Investment in 2025?

The Nollars Network is not merely a token; it aspires to establish a comprehensive cryptocurrency ecosystem that includes the development of its IES layer-2 blockchain and an associated decentralized application (dApp) known as Noladex. By addressing challenges such as high transaction costs and market volatility, the project aims to mitigate financial risks for cryptocurrency traders.

As the Nollars Network continues to expand its ecosystem and garner investor interest, its developments will be closely monitored within the cryptocurrency sector. Notably, AscendEX's announcement regarding the listing of the Nollars Network (NOLA) token highlights the project's progressive trajectory in a competitive landscape, with expectations for additional exchange listings on the horizon. With confirmation of its initial exchange listing and subsequent allocation to a liquidity pool, this news positions \$NOLA as a promising and secure investment opportunity for prospective buyers.

However, it remains to be seen whether Nollars Network (\$NOLA) can perform excellently this year. Besides, whether Nollars Network (\$NOLA) is a good investment is highly depends on traders' investment preference and risk tolerance, all investors are advised to do profound research and stay well-informed before making any investment decision regarding Nollars Network (\$NOLA).
