What is Billy (BILLY)?

Billy (BILLY) is a new meme coin launched on the Solana platform Pump.fun, inspired by the adorable dog Billy.

Billy is a beloved canine companion who has captured the hearts of many through his endearing presence on the internet. Billy's story began with his owner, who shared his photos and videos online, showcasing the dog's irresistible charm. His popularity quickly grew, and he became a beloved internet celebrity. The BILLY coin aims to use its cute image to attract more people to join the cryptocurrency space.

According to its website, "\$BILLY is the cutest dog on [Solana](#), on a mission to be worth billions of dollars!"

BTCC does not support Billy token trading for the time being, but supports trading for 300+ cryptocurrencies with leverage ranging from 1X to 250X. If you are interested in crypto trading, you can click the button below to enter the trading page.

Billy Coin Hits \$117M Market Cap—Developer Sold All For \$1K

Since its launch in early June, the dog-themed meme coin has quickly captured the attention of the community.

The total supply of Billy is 1,000,000,000 BILLY. According to SolScan, the developer liquidated his holdings within 20 minutes, netting \$1,116. With this move, the developer kind of had his personal Bitcoin pizza day. Community members took over the project after the developer's exit, managing social media and other platforms.

After the community took over Billy coin, the price of Billy coin soared, and its market cap soon exceeded \$100 million, making it the second-largest token launched on Pump.fun, just behind Michi.

Recently, Billy's DEX Screener page was targeted by attackers who altered the banner photo to feature another meme coin's dog. The community swiftly reclaimed the page, restoring Billy to prominence. This incident is part of a known DEX Screener exploit, allowing malicious actors to perform a community takeover (CTO) of a project.
