## What is Palworld? Everything You Need To Know

Original:

<https://www.btcc.com/en-US/academy/research-analysis/what-is-palworld-everything-you-need-to-know>

Three days after its release on January 19, [Palworld](#) had already sold over four million copies. Upon its announcement in 2021, many dismissed the game as a “joke project,” but since its release, it has become an international phenomenon. It resembles Nintendo’s legendary monster-catching franchise Pokémon at first glance, but its violent elements and strange gameplay make it instantly distinct.

The inane environment of [Palworld](#) is attracting millions upon millions of gamers, and there’s no indication that it will slow down anytime soon. Although it’s accessible through Game Pass, the game’s Steam sales have skyrocketed. Over the past weekend, Palworld has broken records, gone head-to-head with Counter-Strike in terms of peak player count, and dominated the charts. Among Steam’s paid games, it has surpassed all others in terms of playtime.

**It’s a riot in Palworld!**

Among the most peculiar games to achieve such rapid success, Palworld stands out. Apparently made by Pocket Pair to compete with Pokémon and similar games, it is an open-world survival game. Palworld is a virtual world where users take control of a character and go on a hunt for 'Pals,' which look like Pokémon. Once they have these Pals, they can employ them in battle, to construct bases, to explore new places, and to defeat adversaries they meet along the way.

Are you saying that it sounds like Pokémon?

One major change is that you can equip your Pals with weapons like assault rifles, mounted machine guns, and explosives that you find. Using these weapons, your mission as a monster hunter is to take on gigantic animals. You can also use some mechanics to have your Pals labor in mines and slave camps. The gaming community is going absolutely nuts for it, despite how strange it is.

Whether you call it the shock value or the meme value, Palworld is in high demand. Even though it's only a fad, Pocket Pair is still making millions of dollars.

## Ranks Climbing

Millions of users are likely taking advantage of gaming Pass on Xbox and PC to find and fight with Pals, but it's impossible to access their gaming data. For Steam, Palworld's highest player numbers are higher than those of Cyberpunk 2077, Elden Ring, New World, and Hogwarts Legacy combined.

Additionally, it was very close to surpassing Dota 2's record.

Without a certain, no video game that has been launched in the past few years has managed to elicit such substantial excitement and anticipation over such a short period of time. Its value and popularity have soared, and it is even dominating content and streaming sites, with 430,000 concurrent peak viewers on Twitch. I can't believe how quickly this game has become so popular, considering how strange it is.

## **How is Palworld?**

The question worth a million dollars. Upon its January 19th debut, Palworld will undeniably resemble an Early Access game in many ways. It seems like a lot of the animations and images are still missing. The pets don't have harnesses, trees just topple over, and picking items up from the floor just transfers them to your hand, but we're confident that everything will be added.

Ignoring the animation issues, the visuals are elegant and vibrant; they don't get old after a while, whether you're playing or viewing.

Grounded was the last game that came out that was janky, available in Early Access AND on Game Pass, and it was a fantastic experience overall. It was just a matter of time.

It is neither tiny nor Call of Duty in terms of download size; according to the Xbox app, it's 16.35 GB.

## What game type is Palworld?

Put the Pokemon with firearms statement out of your mind. It's just for show. Palworld is essentially a game about surviving. The creators of Pocket Pair put it this way: "You can risk your life to drive off a ruthless poaching syndicate or peacefully live alongside mysterious creatures known as Pals." Thus goes the game. You can train your pals to work on farms or in factories, or you can use them for fighting and breeding.

Eating or selling them is also an option.

## Can I play Palworld on Steam?

In case you don't have an Xbox Game Pass subscription, you may purchase Palworld on Steam for \$29.99 during Early Access. This also grants you access to Steam's refund policy, so you can get your money back if you don't like it after playing for less than two hours.

I think it covers everything for now. Now everyone is waiting to play Palworld and find out if it's as good as everyone said it would be or if we were all just too hyped because of a few streamers.

## Selling and buying Pals

You might not know this, but the Pal trade allows you to buy and sell these adorable creatures. This can be a lifesaver when you're short on cash. You can accomplish this by visiting either a Small Settlement Pal Merchant or a Black Marketeer. The former sells the more common garden variety Pals, while the latter deals in Pals that are a bit more hidden in terms of rarity (because, well, you don't want the riff-raff looking at your best goods, right?).

[Download App for Android](#)

[Download App for iOS](#)

## **In Palworld, where can I find the Pal Merchant?**

You may find the Pal Merchant in the little town to the northwest of the Beginning Plateau and the Grassy Behemoth Hills. In this town, you'll discover a house where you can buy buddies, as well as a traveling merchant who can sell you other items. If you have the gold needed to buy it, you might wish to sell a few wanted buddies here to boost your bank balance.

## **The Art of the Palworld Black Marketeer**

Now let's talk about the less savory black marketeer. You must travel to the Abandoned Mineshaft beneath the Desolate Church in order to access this man and his valuable possessions. Following a southerly turn off the cliff and heading northwest, you should spot a mineshaft in the mountain, which should lead you to the church. I see.

Enter the mineshaft, and you will encounter the Black Marketeer and his pals who deal in contraband, which is more costly for you.
